General Information

Requirements for Successful Completion:

In order to receive credit, participants must view all audio-visual presentations and complete the post-test and evaluation form. There are no pre-requisites and there is no fee to participate in this activity or to receive CME credit. Certificates are awarded upon successful completion of the post-test and evaluation form.

Media: Internet

Release Date: January 11, 2008

Expiration Date: January 10, 2009

Estimated time to
complete activity: 45 minutes

Sponsorship: This CME activity is jointly sponsored by the University of Florida College of Medicine and PVI, PeerView Institute for Medical Education.

Support: This activity is supported by an educational grant from Genentech, Inc. and Biogen Idec Inc.

Faculty Disclosures/Conflict of Interest Policy

In accordance with ACCME requirements, the University of Florida College of Medicine, has a conflict of interest policy that requires faculty to disclose relevant financial relationships related to the content of their presentations/materials. Any potential conflicts are resolved so that presentations are evidence-based and scientifically balanced.

Amit Bar-Or, MD, FRCP, has a financial interest/relationship or affiliation in the form of: Consultant for Bayhill Therapeutics; Berlex, Inc.; Biogen Idec Inc.; BioMS Medical; Genentech, Inc.; Immune Tolerance Network/NIH; sanofi-aventis; Serono, Inc.; and Teva Neuroscience, Inc. Honoraria from Bayhill Therapeutics; Berlex, Inc.; Biogen Idec Inc.; BioMS Medical; Genentech, Inc.; Immune Tolerance Network/NIH; sanofi-aventis; Serono, Inc.; and Teva Neuroscience, Inc.

Alasdair Coles, MD, has a financial interest/relationship or affiliation in the form of: Consultant for Genzyme Corporation.
Grant/Research Support from Genzyme Corporation.

Emmanuelle L. Waubant, MD, PhD, has a financial interest/relationship or affiliation in the form of: Consultant for Actelion Ltd; Amgen Inc.; and Genentech, Inc.
Grant/Research Support from Biogen Idec Inc.; Genentech, Inc.; Pfizer, Inc.; sanofi-aventis; and Serono, Inc.

CME Reviewer: James M. Smith, MD, currently has no financial interests/relationships or affiliations in relation to this activity.

Disclosure of Unlabeled Use

The faculty of this educational activity may include discussions of products or devices that are not currently labeled for use by the FDA. Faculty members have been advised to disclose to the audience any reference to an unlabeled or investigational use.

No endorsement of unapproved products or uses is made or implied by coverage of these products or uses in our reports. No responsibility is taken for errors or omissions in reports.

Please refer to the official prescribing information for each product for discussion of approved indications, contraindications and warnings.

Target Audience

This activity has been designed to meet the educational needs of neurologists.

Program Description

In this activity, experts in the treatment of multiple sclerosis discuss data presented at the 23rd Congress of the European Committee for Treatment and Research in Multiple Sclerosis (ECTRIMS 2007) concerning the use of the monoclonal antibodies natalizumab, rituximab, daclizumab, and alemtuzumab in this disorder.

Educational Objectives

Upon completion of this activity, participants should be better able to:

- Describe updated data demonstrating the putative roles of T- and B-cell activity in the pathogenesis of multiple sclerosis (MS)
- Discuss updated clinical efficacy and safety data for monoclonal antibodies in MS

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Florida College of Medicine and PVI, PeerView Institute for Medical Education. The University of Florida College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The University of Florida College of Medicine designates this educational activity for a maximum of 0.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Hardware/Software Requirements

PeerView Press requires version 6.x browsers or higher from Microsoft or Netscape. Certain activities may require additional software to view. These activities will be marked as such and will provide links to the required software. That software may be: Adobe Reader[®], and Adobe[®] Flash Player.

Privacy Policy

PeerView Press shares your concerns about maintaining the privacy of personal information collected on the Internet. PeerView Press ensures that confidentiality of data relating to individual visitors to a medical/health web site, including their identity, is respected by this web site. The web site owners undertake to honor or exceed the legal requirements of medical/health information privacy that apply in the country and state where the web site and mirror sites are located.

Privacy Policy Changes:

Minor changes to our privacy policy may occur. If privacy policies change in a way that significantly affects the way we handle personal information, we will not use the information we have previously collected without obtaining consent. We will post all privacy policy changes on our web site in a timely manner.

Collection of Personal Information from Site Users:

Visitors to PeerView Press can access and browse the site, without disclosing any personally identifiable information. PeerView Press does track some information provided by your browser, such as the time and date of access, the web site you came from, the type of browser used, and other information that does not personally identify you. Visitors registering for services such as email updates, or completing program evaluation forms are requested to provide personal information, such as name, contact information, and medical specialty. We clearly label which information is required for registration, and which information is optional, on our registration forms. PeerView Press will not collect personally identifiable information without consent and will not share this data with any external partners.
