Target Audience

This activity has been designed to meet the educational needs of rheumatologists and other clinicians involved in treating patients with RA.

Program Description

In this activity, experts in RA discuss current evidence on optimal management of early RA, including the use of biologic agents.

Educational Objectives

Upon completion of this activity, participants should be better able to:

- Identify cases of early progressive rheumatoid arthritis (RA) to provide aggressive disease management
- Initiate treatment with biologic therapies at early stages of RA to control symptoms and disease progression while minimizing joint damage
- Explore the emerging role of B-cell-targeted therapies and T-cell costimulation-based regimens in RA, including early disease, and evaluate their clinical implications

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Florida College of Medicine and PVI, PeerView Institute for Medical Education. The University of Florida College of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The University of Florida College of Medicine designates this educational activity for a maximum of 0.5 *AMA PRA Category 1 Credit™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Hardware/Software Requirements

PeerView Press requires minimum browser versions of: 6.x from Microsoft and Netscape; 2.x from Mozilla Firefox; or 3.x from Safari. Certain activities may require additional software to view. That software may be: Adobe Reader®, and Adobe® Flash® Player.

Privacy Policy

PeerView Press shares your concerns about maintaining the privacy of personal information collected on the Internet. PeerView Press ensures that confidentiality of data relating to individual visitors to a medical/health web site, including their identity, is respected by this web site.
